19'' WALL RACK MOUNT ENCLOSURE CABINETS

OLIVETEL SA

ÍNDEX

Contents

General information, standards and CE compliance

INTRODUCTION

With over two decades of experience, we have created a concept and a production line of enclosure cabinets that have the ability to provide an easy and fast installation, with the most competitive price on the market, while maintaining the level of quality required by the standards of the European community for equipment's and installations on the Information and Communication Technology (ICT) sector.

STANDARDS AND CE COMPLIANCE

- 19'' according EIA 310 D / DIN 41 494 / IEC 60 297
- IP20 according DIN 400 50 / IEC 60 529
- European directives 2014/35/CE (Low Voltage Electrical Equipment)
- European directives 2014/53/CE (telecommunications terminal equipment)

Models and dimensions

STANDARD AVAILABLE MODELS

The Ecorack Wall rack mount enclosures are the most economical solution for their installation. They are sent to the costumer in our "flat pack box" concept, including the instructions manual, and in just about 15 minutes, the installations is done. Simple and compact installation, fast and easy assembly.

DIMENSIONS

WALL MOUNT ENCLOSURES						
PRODUCT CODE (KIT FLAT PACK)	U	HEIGHT (mm)	WIDTH (mm)	DEPTH (mm)	WEIGHT (KG)	DIMENSIONS FLAT PACK (mm)
211.ECAMA0T060604	6	327	600	400	12.0	610x470x170
211.ECAMA0P060606	6	327	600	600	14.0	610x470x170
211.ECAMA0T090604	9	470	600	400	14.0	610x470x170
211.ECAMA0P090606	9	470	600	600	16.0	620x620x170
211.ECAMA0T150604	15	727	600	400	22.0	740x610x180
211.ECAMA0P150606	15	727	600	600	24.0	740x610x180

BASIC COMPONENTS

- (1x) Chassis structure with: 1 base, 1 top model and 2 sides
- (2x) Side panels (only applies to the 600mm depth models)
- (1x) Tempered glass front door
- (2x) 19" Rack Mounting profiles with adjustable depth system
- Kit "flat pack" (instructions manual included), or carton-packaging, stretch film and wooden base for assembled solution.
- Color: Anthracite, Black (similar to RAL 9005)

Reliable with productivity, quality and safety

Time is a crucial factor when it comes to installation projects, as well as the components that are handled. Our product range was conceived and designed to make productive and safe installations.

When delivering the product in our "kit" concept, not just the transportation and space are optimized, but it also allows the installer to keep the equipment protected in the working place, until the installations conditions are ensured. All packages include an assembling manual, and it's extremely easy and quick to assemble, without the need of any special tools.

SOME FUNCIONAL ADVANTAGES

- Easily removable door
- Easy removable side Panels (Only applies to the 600mm depth enclosures)
- Inviolability (door with lock and respective key)
- Pre cuts in coverage and base for ventilation system or cable routing.
- Tempered glass for the safety of the equipment and users
- All components (doors and panels) connected through terminals for grounding connection.

SAFETY AND QUALITY ASSURANCE

- All components (doors and panels) connected through terminals for grounding connection.
- We guarantee security and trust with all the components provided by us, without any danger of use.
- Toughened glass application (Glass doors configuration) as European standards.
- Surface treatment with 80 µm of epoxy-polyester textured w/polymerization, designed for industrial applications that confer high mechanical strength and excellent protection of steel sheet.
- Totally free from hazardous materials, Manufacture according to European Directive.

THE GUARENTEE OF A CERTIFIED MANUFACTURER

- Created, conceived and manufactured 100% in national territory with registered brand
- Strategic stock with competitive delivery deadlines.
- Accuracy, strict requirements of international quality standards, evaluation of the non-conformities, re-evaluation of objectives and targets, and immediate response to reclamations according to the process ISO 9001
- Communication, personal and easy access to our professionals and productive units.
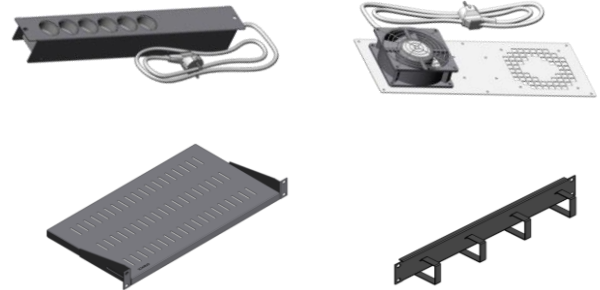

Scalability and accessories

The capability of developing and increase installations gradually, was foreseen on the conception and manufacturing.

There is an accessories pack that allows you to adapt the installation according to your needs:

212.ECPK002000000
Pack 02 for Ecorack wall enclosures
Included accessories:
(1x) 6 Outlet power strip
(1x) Ventilation unit with 1 ventilator
(1x) 250mm depth shelf
(1x) 1U horizontal aligner cables panel

For more information about accessories, please consult our compatibilities map in:

http://www.olivetel.pt/catalogo/?cat=24

Or you may contact our technical/commercial area in order to obtain personalized advice.

Product code	Description
212.ECCT000060000	6U Rear panel
212.ECCT000090000	9U Rear panel
21.ECCT000150000	15U Rear panel

Obs.: For more information about accessories, please consult our compatibilities map.

Or you may contact our technical/commercial area in order to obtain personalized advice.
